Spirits originally produced by the plant and subsequently recovered by redistillation will not be included in determinations of plant size and bond amounts. Spirits originally produced at other plants and subsequently recovered by redistillation will be included in determinations of plant size and bond amounts.

(b) *Recordkeeping.* (1) The proprietor shall record in a separate record the following information for spirits and fuel alcohol received for redistillation.

- (ii) Whether fuel alcohol or spirits;
- (iii) Quantity received;
- (iv) From whom received;
- (v) Reason for redistillation;

- (vii) Quantity of spirits recovered by redistillation.

(2) The proprietor's commercial record required for spirits by § 19.999 or for fuel alcohol by § 19.997 and any other commercial record received covering spirits or fuel alcohol to be redistilled will be filed separately from other records. These records may be used in lieu of the record required by paragraph (b)(1) of this section when any missing information required to be shown has been entered upon the commercial record by the proprietor.

(c) *Status.* Spirits recovered by redistillation will be treated the same as spirits which have not been redistilled. All provisions of this subpart and 26 U.S.C.
